

# FREED FROM GRAFFITI

CREATED AND USED FOR  
THE STATUE OF LIBERTY  
RESTORATION, NOW IN USE  
ACROSS THE NATION KEEP-  
ING AMERICA BEAUTIFUL...

FIRST USED TO CLEAN THE DELICATE INTERIOR COPPER SKIN OF THE STATUE OF LIBERTY FOR ITS CENTENNIAL RESTORATION, ARMEX™ CLEANING AND COATING REMOVAL SYSTEMS HAVE BECOME AN EFFECTIVE, ECONOMICAL AND ENVIRONMENTALLY SUPERIOR METHOD FOR REMOVING GRAFFITI ACROSS THE COUNTRY.

Graffiti removed from a traffic control box in Los Angeles

Time to completion: 5 minutes

Graffiti removed from a bus in San Antonio without any damage to underlying paint

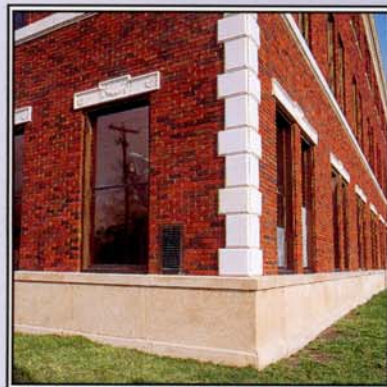

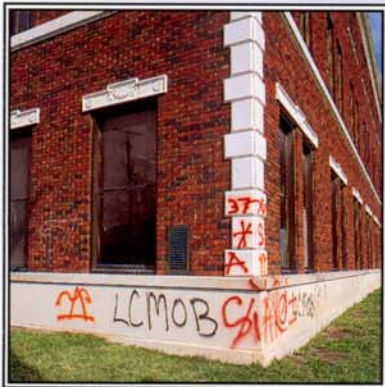

Time to completion: 10 minutes

## SAFE FOR USE ON VIRTUALLY ANY SURFACE†

You can remove almost any coating, all at once or one layer at a time, from...

- brick
- limestone
- concrete
- granite
- metal
- glass
- cement
- tiles

City grime removed from the Westin William Penn Hotel in Pittsburgh

Graffiti removed from the masonry and tiles of a building in San Antonio

Bronze Minuteman statue in Alexandria, Virginia, cleaned without the use of toxic chemicals or laborious hand-cleaning

## TRIED AND PROVEN

Here are just a few of the cities and authorities across America that have successfully used ARMEC Cleaning and Coating Removal Systems to keep their municipalities beautiful.

- Boston • Chicago • Cleveland Housing Authority
- Colorado Springs • Detroit • Fort Lauderdale
- Las Vegas • Los Angeles Unified School District
- Miami Beach • Milwaukee • New York
- Norwich (CT) • Philadelphia
- Phoenix • Portland (OR)
- Salt Lake City • San Francisco
- Seattle Metropolitan Transit
- St. Petersburg • Tampa
- Trenton

† Not recommended for extremely soft and porous surfaces. Always do a test patch before actual blasting.

## DOZENS OF USES

ARMEX Cleaning and Coating Removal Systems can also be used for...

- removing road markings
- cleaning/depainting municipal vehicles
- cleaning engines and other equipment
- general maintenance (cleaning, degreasing, surface preparation prior to repainting, etc.)
- removing gum stains
- removing oil stains left by vehicles

## THE PROCESS IS QUICK, SAFE AND EASY

Each ARMEX Cleaning and Coating Removal System consists of ARMEX® Soluble Blast Media and a media blaster. The process is similar to sandblasting, with these important differences...

### ARMEX Soluble Blast Media

- patented baking soda-based formulations
- gentle but effective
- nontoxic and nonhazardous\*
- water-soluble
- free from silica dust and toxic fumes
- safer than solvents and caustic chemicals
- easy clean-up and disposal

### Media Blaster

- portable
- requires only a source of compressed air and water
- easy to use
- only standard protective gear required for workers \*\*
- causes little or no disruption to nearby activities

ACCUSTRIP SYSTEM™  
Delivery Device

WADU™  
Soluble Media Injector

Range of models provides the muscle to tackle virtually any graffiti removal job.
